WHAT OUR CUSTOMERS SAY

" We recently had our wedding at Woodville, and it was truly a dream come true. The outdoor setting was absolutely breathtaking, with a ceremony area in the woods that felt like something out of a fairy tale.

Some great views of the countryside which was a stunning backdrop for photos and a beautiful atmosphere for our guests to enjoy. From the start of the planning process to the final details, Mike and the team went above and beyond to make our day special.

We highly recommend Woodville Weddings, It's the perfect place to celebrate and create memories that will last a lifetime! Let me know that's ok!

"

We partnered with Woodville weddings this year to hold a company festival and were blown away by both their attitude and offering. From start to finish they worked collaboratively to accommodate all of needs and requests, even those that were a bit creative! They also perfectly balanced the professional, yet friendly tone required for the day, and NOTHING was too much trouble, from an early door's layout change to support with our silent disco in the early hours!

I was particularly impressed by the balance of creativity and practical skills within the team, from the beautiful glamping arrangements to the positioning of the amenities, they thought of everything, so we didn't have to and that really made the stressful stuff simple!

I wouldn't hesitate to recommend working with Mike & his team. Between them they have a wealth of skills and a bucket full of enthusiasm to make any day a success.

Where do we start, Mike and the team at Woodville Weddings were outstanding from start to finish. The Tipis were epic, the detail and planning really helped with allowing us to focus on the other details. We also booked their boutique camping Bell Tents and this was exactly what we wanted and what we envisioned. Can't recommend these guys enough, if Tipis and a festival wedding is what you are going for, go with Woodville Weddings you wont regret it. Thank you so much x x x x
